SUU Target Audience: This one-day conference is designed to inform academic urologists involved in the development and implementation of urology residency programs. The conference should be of special interest to those physicians involved in the education, supervision and evaluation of urology residents.

Goals: The goal of this meeting is to discuss the current situation of urology manpower in the United States with specific emphasis on academic training programs. It will also inform attendees on innovative ways to fill gaps in academic physicians. It will also update the members on the current strategies to improve physician manpower, specifically in urology. The program will also introduce methods of evaluating resident competency through surgical skills labs, in an organized evaluation program in the operating room and discuss what is happening on a national level with organized educational sites being developed under the American College of Surgeons.

Educational Objectives: At completion of this program the participant should be able to:

1. Identify the reason why manpower in urology is short in academic programs.
2. Identify possible ways to improve academic training faculty with physician extenders.
3. Apply new methods of determining resident competency and understand the coordinated program being developed by the American College of Surgeons for specialty training centers.

SUCPD Needs: Our system of medical education relies heavily on considerable public funding. We therefore need to be accountable to the public in terms of both meeting public needs and preparing well-qualified new physicians in the most cost-effective way possible. Therefore, integration of core competencies into curricula for all residency rotations is critical.

CME Objectives: At the conclusion of this meeting, attendees should be able to:

1. Identify changes that will be required for accreditation of residency programs.

Accreditation: The American Urological Association Education & Research, Inc. (AUAER) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

SUU Credit Designation: The American Urological Association Education & Research, Inc. designates this live activity for a maximum of **3.75 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AUAER takes responsibility for the content, quality, and scientific integrity of this CME activity.

SUCPD Credit Designation: The American Urological Association Education & Research, Inc. designates this live activity for a maximum of **3.50 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AUAER takes responsibility for the content, quality, and scientific integrity of this CME activity.

AUAER Disclosure Policy: As a provider accredited by the ACCME, the AUAER must ensure balance, independence, objectivity and scientific rigor in all its activities.

All faculty participating in an educational activity provided by the AUAER are required to disclose to the provider any relevant financial relationships with any commercial interest. The AUAER must determine if the faculty's relationships may influence the educational content with regard to exposition or conclusion and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent faculty with relevant financial relationships from serving as faculty, but rather to provide members of the audience with information on which they can make their own judgments.

Off-label or Unapproved Use of Drugs or Devices: It is the policy of the AUAER to require the disclosure of all references to off-label or unapproved uses of drugs or devices prior to the presentation of educational content. The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

Disclaimer: The opinions and recommendations expressed by faculty, authors, and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUAER.

Evidence Based Content: As a provider of continuing medical education accredited by the ACCME, it is the policy of the AUAER to review and certify that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

Special Assistance/Dietary Needs: The American Urological Association Education & Research, Inc. (AUAER), an organization accredited for Continuing Medical Education (CME), complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, a written request should be submitted at least one month in advance.
